WHY COMMERCIAL CLEANING?

New Zealand's commercial cleaning industry is worth over \$2.4 billion and projected to grow. Businesses are increasingly outsourcing cleaning to cut costs and focus on their operations.

Demand spans beyond offices to hotels, schools, medical facilities, and more, creating endless opportunities for growth.

As a Jani-King franchise owner, you can tap into this growth and thrive in a market that continues to expand.

Competitive Advantages

Many building managers are dissatisfied with their current cleaning services, often provided by small local companies or franchises that lack the expertise and professionalism required today.

Jani-King offers the perfect balance – combining the experience and resources of a large company with the personal service and motivation of an independent business owner.

OUR JOURNEY TO SUSTAINABILITY

The Problem: New Zealand's commercial cleaning industry introduces over 350,000L of chemicals into the environment monthly, many of which harm people, animals, and ecosystems.

Our Solution: Jani-King is replacing harsh chemicals with probiotic-based cleaning products, promoting safer, eco-friendly cleaning.

How It Works: Probiotics use beneficial microbes to deeply penetrate surfaces, breaking down dirt, grime, and odours while staying active for up to 72 hours.

Why It Matters

Traditional cleaning chemicals kill good and bad bacteria, contributing to Antimicrobial Resistance (AMR) – a global health concern making bacteria harder to eliminate.

Probiotic cleaning protects health, reduces environmental harm, and aligns with a sustainable future.

Client-Approved Approach

Our clients value this innovative cleaning solution, helping us create a healthier environment for businesses and the planet.

WHAT IS IT LIKE TO BE PART OF THE JANI-KING FAMILY?

It is important to know what other people say about a company you are interested in. Here is what some of our franchise owners say about their experience at Jani-King. You can learn more at janiking.co.nz/franchises/

"We did our homework and we found out that Jani-King was one of the best in franchisee fees, and friendly faces. We went to another company but we felt they were not welcoming. All our clients, they don't look at us as cleaners, they look at us like we are family, we talk to them and have a laugh about things. Working with Jani-King, we grew in the business sense and the finance as well, we have got properties around, we've got nice looking cars."

Zak & Zafie, Owners since 2013

"We started out earning extra income by working at night and now we have grown to 30+ staff working in our business. We did our research back then and Jani-King ticked all the boxes for what we wanted. We went ahead and it proved to be one of the best decisions I have ever made. Jani-King gives great support, they teach you, they hold your hands and they show you how to run your business and how to do your job, that made it much easier at the beginning. Jani-King find all the customers for us and I don't have to worry about marketing".

Harold Han, Owner since 2013

"As a Jani-King franchisee, I can confidently say that Jani-King has hugely impacted my life and helped me reach my business goals. From the initial training to the continuous guidance, Jani-King has always been there to empower and provide me with everything I need to grow my business and set me up for success. Aside from equipping us with skills and resources to ensure high-quality services, Jani-King also enables its franchisees to have a positive impact on the environment through sustainable cleaning products like the eco-friendly probiotic cleaning products. Another thing that I like about Jani-King is the strong sense of community and camaraderie among franchisees, regardless of our different nationalities and cultural backgrounds. We have a network of franchise owners in Hamilton that allow us to support each other by sharing tips, advices and best practices. With this, I am proud to be a part of the Jani-King whanau and I highly recommend it to people who are considering a business opportunity in commercial cleaning."

Titus Sison, Owner since 2022

FREQUENTLY ASKED QUESTIONS

Whether you have experience in commercial cleaning and running your own business, or are completely new to being in business by yourself, we are here to help you make a well-informed decision. Do not hesitate to contact us at franchisesales@janiking.co.nz or phone 0800 526 454.

What is the financial investment required for a Jani-King Franchise?

Depending on the plan you choose, investment levels vary. Visit the franchise calculator on our website to estimate your earning potential:

How can I finance my new business?

We offer help with obtaining finance and applying for bank loans. No need to worry, we helped hundreds of people to achieve their business goals, we will help you too!

What hours am I expected to work?

Most Jani-King franchise business is scheduled between the hours of 6:00pm and 11:00pm, Monday through Friday and occasionally on weekends.

What do I do if I want to employ staff?

When the time comes for you to employ other people in your business, arrange to meet with one of our franchise support team. They will guide you and provide you with all the necessary tools and knowledge to help you hire and manage your employees.

How do I decide which plan works for me?

There are important factors you should consider when deciding which Franchise Plan to select:

- how much money you have set aside for your investment?
- how much time and commitment will you make for the franchise?

These, and other questions, are explored in more detail in the early stages of the franchise process, and in particular the initial discussion you will have with regional office personnel at the disclosure meeting. This is a “no obligation” meeting.

What does Initial Business mean?

Franchise Plans include initial business purchased at the time of signing your Franchise Agreement. When you invest in one of these plans, you will be provided with customers up to the monthly initial business amount specified in your Franchise Agreement. For instance, if you invest in a D-5 plan, this is \$5,000 of initial business being the total dollar value of the customer monthly contract amounts, excluding GST.
